

OBOA Continuing Education Seminar

Cannabis Extraction and Oregon Code Requirements

Thursday, May 12, 2016

12:00 - 12:30 pm..... Registration

12:30 - 4:30 pm..... Lunch & Seminar

Course Description

From the general requirements mandated by the regulating agency, the Oregon Liquor Control Commission (OLCC), this class will relate those general requirements back to the Oregon Structural Specialty Code (OSSC), Oregon Fire Code (OFC), Oregon Mechanical Specialty Code (OMSC), and National Fire Protection Agency (NFPAs) as specific requirements. This class will present the basic construction of the hazardous materials Codes and how the OLCC is incorporating those Codes into a “hybrid” occupancy classification to provide adequate protection in the extraction of cannabis oils and concentrates.

Presented by

Richard M. Miller, ICC Fire Code Inspector II & Certified Safety Professional; Sole Proprietor, Miller Safety & Health Consulting

About Our Presenter

Mr. Miller formed Miller Safety & Health Consulting in October 1992. His company evaluates and develops overall safety and health programs and systems for industrial clients and provides Building, Fire and Mechanical Code consulting services to building and fire officials. Some of his clients include:

House Spirits Distillery (and many other distilleries), cannabis extraction companies, Bridgetown Natural Foods, Nabisco Bakery, Reynolds Metals, Hewlett Packard, Port of Portland, Miller Paint, Cities of Boise, Portland, Gresham, Hillsboro, Vancouver (WA), as well as many other jurisdictions, architects, engineers, and commercial companies large and small.

We Welcome and Offer This Training to:

Building and Fire Plan Review Personnel • Building Code Officials
Fire Marshals • Building and Fire Code Inspectors

Seminar Location

Tualatin Valley Fire & Rescue Station 56 & South Operating Center
8445 SW Elligsen Road
Wilsonville, OR 97070

Complimentary on-site parking provided on a space available basis. Parking access is on the back of the building.
